Dear Dr. Choi,

MICROCHIP FOR OUR CATS

Regarding our last meeting with you, Dr José Tavares, President of IACM, and several representatives of IACM, please be aware that Anima has around 267 cats with no microchip and as we are rescuing around 50 per month (to be honest in these statistics are included those that we take from IACM), as you may see by our statistics, we should like to ask IACM to supply to us 400 microchips now in July.

We will microchip all animals that enter aged over 3 months and we will gradually microchip the remaining, keeping the microchip number in our statistics.

All animals adopted will be also micro chipped.

Please see our Statistics of 2015 and 2016 and up to June 2017 regarding cats.

A file with the name of all our cats properly micro chipped will be sent regularly to IACM every time we ask for microchips.

Please let us know when can we send our staff to Macau Municipal Kennel to see how microchips are input.

Thanks for your kind cooperation

and friends.
