RE: PLEASE HELP ANIMA TO SAVE THE GREYHOUNDS OF MACAU

Dear Sir,

The Canidrome of Macau is infamous the world over, with a reputation for being the cruelest greyhound track in existence. Every month, thirty greyhounds are needlessly killed, and replaced by new shipments of racing dogs from Australia.

We are a global community, and you are our neighbors and friends. The current cycle of suffering and death that is happening at the Canidrome of Macau goes against our shared values. It is also an affront to Macau's proud history.

You have a once in a lifetime opportunity to end this suffering, and set a positive example for the entire world. Please give the greyhounds of Macau a voice and support their plight.

Macau is perceived as a Special Administrative Region of China that wants to diversify its industry and become a beacon of modern tourism.

We are therefore writing to you, the Macau Chief Executive so that you may be able obtain assurances from the Canidrome of Macau that the greyhounds in their possession will be transferred to the care of ANIMA-Society for the Protection of Animals (Macau) so that their safety is assured and adoptive families can be found.

Please do not allow these animals to be exported to any other Asian country, where they are not protected by local's laws and where they will likely be used for illegal races or consumed as meat! Thank you.
