Dr. Chui Sai On

Chief Executive of the Macau SAR Government

Praia Grande Avenue

Macau, SAR (CHINA)

Dear Dr. Chui Sai On,

END OF THE CANÍDROME CONCESSION CONTRACT

Please allow the current Canidrome concession contract to expire.

The Canidrome is now infamous, known as the cruelest greyhound track in existence. Every month, thirty greyhounds are needlessly killed, and replaced by new shipments of racing dogs from Australia. The current cycle of suffering and death that is happening at the Canidrome goes against our shared values. It is also an affront to Macau's proud history.

We are Animal welfare Organizations that cares about the rights of these animals and the quality of life of the Macau community. We are aware that the land used by the Canidrome needs to be redeveloped by the Macau Government to satisfy the needs of a community that lives in the most density area of the world.

The Australian greyhound industry from where Macau sources its greyhounds has recently being publicly shamed for widespread egregious cruelty and criminal behavior. It is considered a national disgrace. It is very likely that greyhounds imported into Macau will have been trained through illegal methods. Associating with this industry is also not in the interests of Macau.

You have a once in a lifetime opportunity to end this suffering, and set a positive example for the entire world. Please give the greyhounds a voice, and end the Canidrome concession, freeing an area that can then be reallocated for use to benefit the community.

Such a decision would be broadly applauded both internationally and locally.

Yours sincerely,

Anima
